

Paper Shopping Bags

Proudly made in the USA

ProAmpac's paper shopping bags communicate brand messages boldly and efficiently while delivering exceptional functionality and durability. We've developed a seamless integration between our manufacturing centers so that we can deliver a single-source solution for your shopping and merchandise bag needs.

Paper Shopping Bags

FSC-certified and 100%-recyclable custom-printed paper shopping bags. These serrated top bags come in a variety of choices, including different paper weights, sizes, and paper colors. Twisted paper and fabric-wrapped cotton or synthetic handles are available. They can be customized with up to eight colors and UV coating.

ProActive Recyclable® Shoppers +PCR

These unique sustainable paper shoppers use 100% recycled material to create a durable bag that is easily recycled in curbside paper streams. Available with serrated tops, twisted paper or flat handles (also with 100% recycled content), and available with tamper resistance, ProActive Recyclable Shoppers +PCR.

Large Format Catering Bags

ProAmpac's large format catering bags are made to fit your needs. These durable, thick bags are capable of holding heavy weights without tear through or handle breakage. In addition, the square bottom with board aids in preventing tipping or spilling of containers inside.

Tamper-Evident Bags

Tamper-evident adhesive strip ensures peace-of-mind for both customers and proprietors, with no folding or stickers needed. These durable paper handle shoppers are easy to load without spillage, with rigid walls and square, flat bottoms to provide high capacity and an organized presentation for customers. Available with print brand messaging and engaging with customers via rewards club, online ordering or coupons.
