MS-101
SELECTORIZED MULTI-STATION

The SportsArt MS-101 Selectorized Multi-Station combines four strength-training stations in a durable, space-efficient design. Two stations can be customized with a choice of cable tower, triceps pushdown, dual lat pulldown or low-row configurations, allowing facilities to tailor the unit to their training needs. The MS-101 can also connect with another MS-101 or a compatible cable crossover station to expand workout capacity and exercise variety.
