

WAXIE Cleaning, Disinfecting, and Sanitizing Wipes

Powerful, Convenient, Versatile

Cleaning, Sanitizing, and Disinfecting: What's the Difference?

The words “cleaning”, “sanitizing”, and “disinfecting” are often used interchangeably. This circumstance creates a lot of confusion when talking about the difference between cleaning wipes, sanitizing wipes, and disinfecting wipes. Knowing the meaning of each term is critical to ensuring products are being used for their intended purposes, maintaining compliance, and creating a safe and healthy environment for employees and customers.

You can think of cleaning, sanitizing, and disinfecting like a pyramid, with cleaning at the bottom and disinfecting at the top. The higher you move up the pyramid, the more effective you are against a broader spectrum of germs.

- 1** Insert WAXIE Multi-Task dry roll of wipes into a WAXIE Multi-Task Bucket.
- 2** Pour 64 oz. of liquid containing your preferred disinfecting (like WAXIE HP Disinfectant Cleaner) or sanitizing solution (like WAXIE Finale FS No Rinse Sanitizer) into the center.
- 3** Thread the end of the wipe from the center of the roll through the lid opening.

WAXIE Multi-Task System

The WAXIE Multi-Task System is designed to save you time, money, and labor, while also making it easier to maintain compliance with the FDA Food Code. The WAXIE Multi-Task System consists of WAXIE Multi-Task Buckets, and 2 different configurations of WAXIE Multi-Task Dry Wipes.

WAXIE Multi-Task Refill Rolls BOH Back of House | Item #1033703

100 11.5" X 10.5" sheets in a pack, 6 packs in a case. For use on Back-of-House surfaces.

WAXIE Multi-Task Refill Rolls FOH Front of House | Item #444026

200 10" X 6" sheets in a pack, 6 packs in a case. For use on Front-of-House surfaces.

WAXIE Multi-Task Buckets and Lids Item #1033704

Bucket with a lid, 4 in a case.

Features

- Enclosed lid system to reduce the risk of cross-contamination
- Utilizes current dilution system and chemicals
- Only change chemical when refill roll is depleted
- Durable, non-quat binding wipes
- Maintains effective PPM for up to 30 days
- Substantial reduction in water usage, chemical usage, labor and linen costs
- Great economical front and back of the house wipes

An ideal replacement for the red-bucket-and-towel system!

WAXIE FS No Rinse Food Contact Surface Wipes

WAXIE FS No-Rinse Food Contact Surface Wipes are designed with the food service industry in mind and clean, sanitize, disinfect, and deodorize in one labor-saving step. WAXIE FS No-Rinse Food Contact Surface Wipes are EPA approved, on the EPA's List N, and kill 99.9% of bacteria, including E. coli, Salmonella, Staph, MRSA, Listeria, and Shigella. They also kill key viruses, including the Flu Virus, Norovirus, and the COVID-19 virus. WAXIE FS No-Rinse Food Contact Surface Wipes will not leave any harsh chemical residue and do not require a rinse, even on food contact surfaces. We recommend using WAXIE FS No-Rinse Food Contact Surface Wipes anywhere food is prepared or served.

WAXIE FS No Rinse Food Contact Surface Wipes | Item #170299

80 6.5" X 9" sheets in a pack, 12 packs in a case. For use on surfaces.

Features

- EPA registered, EPA Reg. No. 6836-379-14994
- Kills 99.9% of bacteria
- Kills top foodborne pathogens, including Norovirus, Salmonella, E. coli, Listeria, and Staph
- Kills the COVID-19 virus in just 1 minute
- No rinse required, even on food contact surfaces
- Formulated to aid in the reduction of cross-contamination
- Ideal for disinfecting food contact and non-food contact surfaces

Technical Data

Use to clean, sanitize, disinfect and help reduce the risk of cross-contamination from treated surfaces. Kills 99.9% of bacteria with no rinse required, even on food contact surfaces.*

Contact Times

To Sanitize: Wipe surface and allow surface to remain wet for 30 seconds.

To Disinfect: Wipe surface and allow surface to remain wet for or 5 minutes.

Active Ingredient

Quaternary ammonium chloride (Quat)

Effective Against*

Bacteria

- Escherichia coli (E. coli)
- Escherichia coli O157:H7 (E. coli O157:H7)
- Klebsiella pneumoniae
- Listeria monocytogenes

- Pseudomonas aeruginosa
- Salmonella enterica
- Salmonella typhi
- Shigella dysenteriae (Shigella)

- Staphylococcus aureus
- Staphylococcus aureus - Methicillin-Resistant (MRSA)
- Yersinia enterocolitica

Viruses

- HIV-1 (AID Virus)
- Influenza A Virus (H1N1)

- Human Norovirus
- Measles Virus

- SARS-Related Coronavirus 2 (SARS-CoV-2) (cause of COVID-19)

*When used according to label directions. See product label for directions and precautionary statements.

Kills 99.9% of bacteria in 30 seconds with no rinse required!

**Kills 99.9%
of bacteria
in just 15
seconds
with no
sprays, no
sponges,

mess!**

WAXIE Disinfecting/Sanitizing Wipes

WAXIE Disinfecting/Sanitizing Wipes are 3-in-1 wipes that clean, sanitize, and disinfect surfaces. WAXIE Disinfecting/Sanitizing Wipes are EPA approved, on the EPA's List N, and kill 99.9% of germs, including the Flu virus, E. coli, Salmonella, Staph, Strep, MRSA, Norovirus, and the COVID-19 virus. We recommend using WAXIE Disinfecting/Sanitizing Wipes on commonly touched surfaces, such as bathroom fixtures, chairs, computer keyboard, countertops, desks, diaper changing tables, doorknobs, garbage cans, highchairs, light switches, non-critical medical devices, shopping carts and baskets, tables, telephones, and toilet seats.

WAXIE Disinfecting/Sanitizing Wipes | Item #170295

240 6" X 6.75" sheets in a pack, 12 packs in a case. For use on surfaces.

WAXIE Disinfecting/Sanitizing Wipes | Item #170296

800 8" X 6" sheets in a pack, 4 packs in a case. For use on surfaces.

WAXIE Disinfecting/Sanitizing Wipes | Item #170297

1200 7" X 5" sheets in a pack, 2 packs in a case. For use on surfaces.

Features

- EPA registered, EPA Reg. No. 6836-340-14994
- Kills 99.9% of germs
- Kills the COVID-19 virus and Cold & Flu virus
- Reduces risk of cross-contamination
- 3-in-1 wipes clean, sanitize, and disinfect in one easy step
- Bleach-free formula neutralizes odors and leaves a clean, fresh scent
- Fast drying, streak-free, leaves no residue behind
- Ideal for institutional and industrial use (hospitals, airports, schools, hotels, exercise facilities, public restrooms, and more)

Technical Data

Clean, sanitize, and disinfect commonly touched surfaces in one easy step. Kills 99.9% of bacteria and viruses, including the COVID-19 virus and Cold & Flu virus.*

Contact Times

To Sanitize: Wipe surface and allow surface to remain wet for 30 seconds.

To Disinfect: Wipe surface and allow surface to remain wet for or 5 minutes.

Active Ingredient

Quaternary ammonium chloride (Quat)

Effective Against*

Bacteria

- Acinetobacter baumannii
- Burkholderia cepacia
- Campylobacter jejuni
- Corynebacterium ammoniagenes
- Enterobacter aerogenes

- Staphylococcus aureus - Multi-Drug Resistant
- Staphylococcus aureus - Vancomycin Intermediate Resistant – (VISA)
- Streptococcus pyogenes (Strep)
- Vibrio cholerae

Viruses

- Hepatitis B Virus (HBV)
- Hepatitis C Virus (HCV)
- Herpes Simplex Virus Type 1
- Herpes Simplex Virus Type 2
- HIV-1 (AIDS Virus)
- Human Coronavirus
- Influenza Type A Virus / Brazil
- Influenza A Virus H1N1
- 2013 Influenza A Virus (H7N9)
- Norwalk Virus (Norovirus)
- Respiratory Syncytial Virus (RSV)
- Rotavirus
- SARS Associated Coronavirus
- SARS-Related Coronavirus 2 (SARS-CoV-2) (cause of COVID-19)
- Vaccinia Virus

Animal Viruses

- Avian Influenza Virus H3N2
- Avian Influenza Virus H5N1
- Canine Distemper Virus
- Feline Calicivirus
- Newcastle's Disease Virus
- Pseudorabies Virus

*When used according to label directions. See product label for directions and precautionary statements.

Medical Grade Disinfectant Wipes

WAXIE P1 Disinfectant Wipes

WAXIE P1 Disinfectant Wipes clean, disinfect, and deodorize in one easy step. Designed for use in hospitals, critical care areas, and other healthcare settings, including ambulances, laboratories, newborn nurseries, nursing homes, operating rooms, and physician's offices. WAXIE P1 Disinfectant Wipes provide true one minute disinfection.

WAXIE P1 Disinfectant Wipes are an effective Virucide, Bactericide, Tuberculocide and Fungicide on hard non-porous surfaces, in the presence of an organic load, when the treated surface is allowed to remain wet for 1 minute. Allow surfaces to air dry.

WAXIE P1 Disinfectant Wipes | Item #170298

160 6" X 6.75" sheets in a pack, 12 packs in a case. For use on surfaces.

Features

- EPA registered, EPA Reg. No. 88494-4-14994
- Cleans, disinfects, and deodorizes
- True one minute disinfectant – one minute kill time for ALL pathogens listed on the label
- Bactericidal, tuberculocidal, virucidal, and fungicidal
- Kills viruses responsible for the Common Cold and Flu Virus
- Kills Human Coronavirus
- Kills antibiotic resistant bacteria – CRE, MRSA, VISA, VRSA, and VRE
- Kills the ESKAPE Pathogens – Enterococcus faecium, Staphylococcus aureus, Klebsiella pneumoniae, Acinetobacter baumannii, Pseudomonas aeruginosa, and Enterobacter species

Technical Data

Formulated to disinfect hard, non-porous, inanimate environmental surfaces such as floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets.

Contact Times

To Sanitize: Wipe surface and allow surface to remain wet for one minute.

Active Ingredient

Ethyl alcohol & didecyl dimethyl ammonium chloride (Quat)

Effective Against*

Bactericidal

- Acinetobacter baumannii

WAXIE Hand Sanitizing Wipes 70% Alcohol Based

WAXIE Hand Sanitizing Wipes 70% Alcohol Based protect employees and customers by helping prevent the spread of bacteria that cause illnesses. WAXIE Hand Sanitizing Wipes, 70% Alcohol Based are FDA registered and meet the FDA Food Code Hand Sanitization Requirements. Our wipes are tough on germs, while being gentle on skin. We recommend using WAXIE Hand Sanitizing Wipes 70% Alcohol Based in locations where hands and bacteria are bound to meet, such as cafeterias, convenience stores, fitness centers and gyms, grocery stores and supermarkets, cashier stations, hotels, medical offices, nursing homes, office buildings and break rooms, restaurants (front of house and back of house), retail stores, schools and colleges, shopping malls, and veterinary clinics.

WAXIE Hand Sanitizing Wipes, 70% Alcohol Based | Item #389913
240 6" X 6.75" sheets in a pack, 12 packs in a case. For use on hands.

Features

- FDA registered
- 70% Ethyl Alcohol formula
- Kills 99.9% of germs
- Meets FDA Food Code hand sanitizer standards
- Helps prevent the spread of germs that causes illnesses
- Reduces the risk of cross-contamination
- Contains Aloe and Vitamin E to nourish and moisturize skin
- Hand sanitizing wipes are more effective than hand sanitizing gels. Gels are only designed for sanitizing, while wipes clean AND sanitize

Technical Data

Clean and sanitize hands. Our FDA registered, alcohol-based formulation kills 99.9% of germs, including E. coli, Listeria, Salmonella, and Staph. Meets the FDA Food Code hand sanitization standards, reduces the risk of cross-contamination, and helps prevent the spread of bacteria that cause illnesses.

Contact Times

To Sanitize: Wipe hands thoroughly with hand sanitizing wipe. Allow hands to air dry for 15 seconds.

Active Ingredient

Alcohol

Kills 99.9% of bacteria on hands with an alcohol-based formula!

WAXIE Hand Sanitizing Alcohol-Free Wipes

WAXIE Hand Sanitizing Alcohol-Free Wipes are FDA registered and provide a convenient and efficient way to kill germs. Our gentle, water-based formula kills 99.9% of germs without the need for potable water. WAXIE Hand Sanitizing Alcohol-Free Wipes are ideal for sanitizing hands. The absence of alcohol and the presence of Aloe Vera in our formulation ensures that our wipes will not dry out your hands, even with frequent use. WAXIE Hand Sanitizing Alcohol-Free Wipes also kill 99.9% of germs on surfaces and are great for wiping down high-touch surfaces like shopping cart handles and exercise equipment. We recommend using WAXIE Hand Sanitizing Alcohol-Free Wipes in locations such as cafeterias, convenience stores, fitness centers and gyms, grocery stores and supermarkets, cashier stations, hotels, medical offices, nursing homes, office buildings and break rooms, retail stores, schools and colleges, shopping malls, and veterinary clinics.

WAXIE Hand Sanitizing Alcohol-Free Wipes | Item #389915

1500 7" X 5" sheets in a pack, 4 packs in a case. For use on hands and surfaces.

Features

- FDA registered
- Gentle Benzalkonium Chloride (BZK) formula
- Kills 99.9% of germs
- Helps prevent cross-contamination and the spread of illnesses
- Contains Aloe and Vitamin E to moisturize skin. Won't dry out hands, even with frequent use
- Pleasant lemon scent
- Hand sanitizing wipes are more effective than hand sanitizing gels. Gels are only designed to sanitize, while wipes clean AND sanitize

Technical Data

Clean and sanitize hands or surfaces. Our FDA registered formulation kills 99.9% of germs, including E. coli, Listeria, Strep, and Staph. Contains Aloe and Vitamin E to nourish and moisturize skin; our alcohol free formula won't dry out hands, even with frequent use.

Contact Times

To Sanitize: Wipe hands or surface and allow hands or surface to air dry for 15 seconds.

Active Ingredient

Benzalkonium chloride (BZK)
