

 **KleenLine**[®] FLOOR PADS
PRO

IMPROVE PRODUCTIVITY. GET SUPERIOR RESULTS.

Outstanding Results with Lasting Durability

Maintaining clean, safe and beautiful floors can be a difficult and challenging process that requires commitment. That's why KleenLine® Pro Floor Pads are designed to achieve superior results in less time.

Reduce Cost and Maximize Effectiveness

KleenLine Pro Floor Pads are engineered to help reduce the cost of cleaning and maximize the effectiveness of your floor program. All while keeping waste to a minimum.

Every KleenLine Pro Floor Pad has been developed specifically to accomplish a particular floor maintenance task.

Exceptionally durable, KleenLine Pro Floor Pads maintain their effectiveness significantly longer than competitive floor pads and need to be replaced less often. That means fewer pads wind up in landfills.

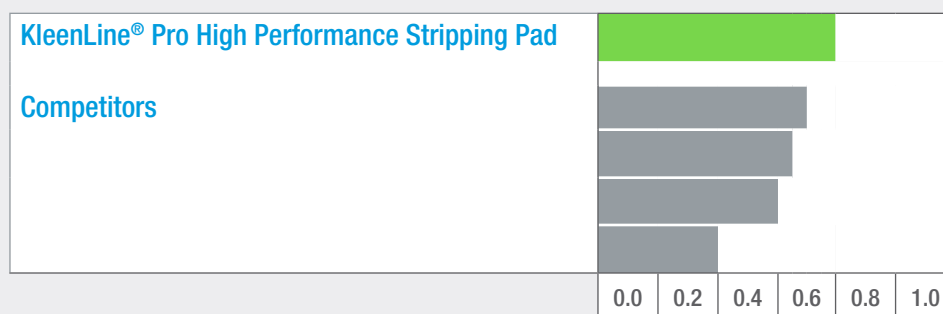

Discover how to efficiently provide beautiful, clean, longer-lasting floors with the KleenLine® Pro family of floor pads.

KleenLine[®] Pro Floor Pads outscrub, outshine and outlast competitive floor pads!

The effectiveness of KleenLine Pro Floor Pads has been proven to significantly outperform competitive floor pads consistently.

High Performance Stripping Pads

Innovative abrasive technology for efficient stripping.

FEWER PASSES

Specially designed to improve productivity, KleenLine Pro Floor Pads clean and scrub more effectively on each pass. So it takes less time to achieve the results you need.

FEWER CHEMICALS

KleenLine Pro abrasive technology is effective using only water for many floor maintenance operations.

CONSISTENT PERFORMANCE

Many KleenLine Pro Floor Pads have abrasive minerals distributed uniformly throughout the entire pad — inside and out. So even as they wear, you get consistent, high quality results.

ENVIRONMENTALLY RESPONSIBLE

Many KleenLine Pro Floor Pads are Green Seal[™] Certified based on a design for significantly improved performance, durability, or both, extending the useful life of the floor pad and reducing solid waste generation.
