

RESTROOM CARE TRAINING CLASS

LEARN HOW TO PROPERLY CLEAN AND MAINTAIN YOUR RESTROOMS!

Join us for a training session designed to ensure the highest standards of cleanliness and hygiene. This training will offer practical tips and expert guidance for anyone responsible for restroom maintenance, ensuring a safe, sanitary, and welcoming restroom environment.

WHY ATTEND?

This training class will equip you with the essential skills to maintain a clean, sanitary, and welcoming restroom environment. You'll gain expert knowledge on proper cleaning techniques, product usage, and safety protocols to ensure efficiency and compliance. Investing in this training helps create a healthier space for everyone while enhancing your expertise and confidence in restroom maintenance.

WHAT YOU'LL LEARN:

- + Proper restroom cleaning procedures, and best practices
- + Sanitation, disinfection, and safety standards
- + Effective use of PPE, cleaning products, and equipment
- + Step-by-step cleaning techniques for efficiency and thoroughness
- + The difference between sanitizing and disinfecting
- + Odor control and grout maintenance for a fresh environment

Instructor: Steve Johnson

Steve Johnson is an experienced customer support manager with over 38 years of experience in the industry. He is a certified ISSA CPT AP Professional and a ServSafe Trainer/Proctor specializing in food safety. Steven has extensive expertise in infection control, providing training on effective cleaning practices to reduce infections. Additionally, he is skilled in Green Cleaning, offering training on its principles and benefits.

As an Extended DISC Trainer, Steven helps teams optimize communication and productivity. He also creates Standard Operating Procedures (SOPs) to ensure consistency and efficiency in operations.
