SMARTCELL DEODORIZING SYSTEM

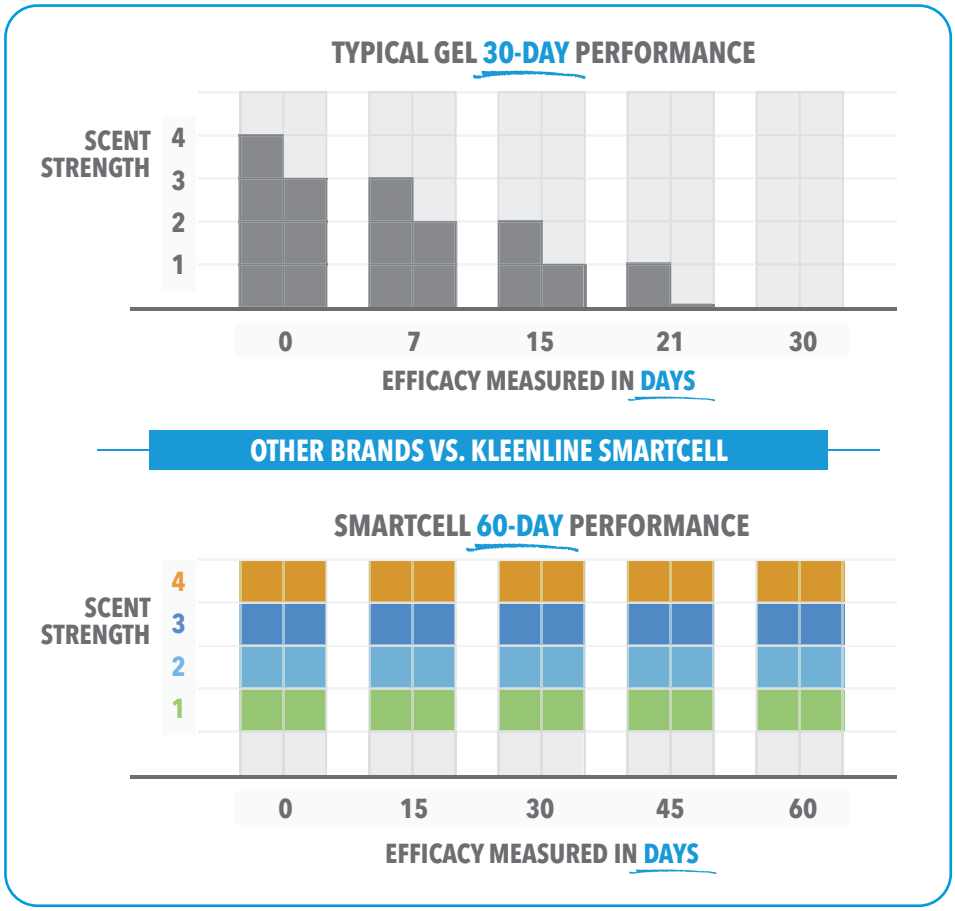

Stay Fresh with KleenLine™ SMARTCell

The unique SMARTCell passive air freshener uses a reliable, gravity-fueled system that never requires batteries, fuel cells, or any other artificial means of power. It will to **neutralize odors in up to 6,000 cubic feet of space** (the equivalent to a three-stall restroom) for a full 60 days! The cartridge is completely spill-resistant from start to finish after activation.

- Environmentally friendly recyclable cartridges.
- VOC and REACH compliant.
- Fragrance oils evaporate, leaving minimal residue on wick.
- Fragrances don't just mask odors, but counteract them using Odouraze, a deodorant technology that removes malodors from the air before releasing fragrance.
- Works best in an area with optimal air flow and not directly under a ventilation intake system.

KleenLine SMARTCell Dispenser – White

Compact dispenser installs in one minute! Just lift up the cover and pop the refill into the dispenser base. This passive system requires no batteries, is noise free, and has a durable casing. Dispenser mounts on wall or you can set it on horizontal surfaces for offices, etc.
