# ECO-NATURAL™ STATUS

# V886 CROSS TRAINER

The SportsArt V886 Verso Cross Trainer combines elliptical, stepper and cycle movements in one highly customizable machine. Users can switch between modes on the fly, while fingertip and console controls make it easy to adjust stride length, stride height, crank arm position and resistance throughout the workout. With 40 resistance levels and a self-powered ECO-NATURAL™ design, the V886 delivers versatile total-body training without requiring external power. Built for high-use commercial environments, its adaptable movement options create an approachable, engaging workout for a wide range of users and fitness goals.
