

PRODUCT SPECIFICATION SHEET

Clinging Tub & Tile Cleaner

Item No. CHRE6 (1 quart)
Item No. CHRE7 (1 gallon)

Description:

This high performance restroom cleaner quickly and easily cleans away stubborn soils. It effectively removes hard water deposits, tanning oils and other soils found in showers, tubs and other hard surfaces. Designed and safe for use on ceramic & porcelain. Clinging Tub & Tile Cleaner allows for maximum contact time on vertical surfaces.

Features & Benefits:

- 9% Hydrochloric acid for tough soils.
- Pleasant Mint Fragrance.
- Thickened formula for better cleaning

Directions:

Always test in inconspicuous area before use. Use on acid resistant surfaces only. Do not use on marble.

TOILETS & URINALS: Water in the bowl does not have to be removed but does add to products effectiveness. Apply product on area to be cleaned while completely saturating mop or bowl brush. Scrub entire area, especially under the rim at water outlets. Rinse product by flushing.

BATHTUBS, SINKS, SHOWERS & FLOORS: Product can be diluted up to 10:1 with water for cost effectiveness but works best undiluted. Apply to area to be cleaned. Allow to contact surface for 3-5 minutes to penetrate & loosen deposits. Agitate, rinse and wipe dry.

Ideal for use with:

- Brush, cloth, sponge, and/or swab
