

KleenLine™ Pro Dust Mop Treatment - Aerosol

CATEGORY & ICON

FLOOR CARE

ITEM #KL-AERODUSTMOP (17OZ CAN - TWELVE PER CASE)

Switch to KleenLine PRO Surface Dust Mop Treatment to reduce airborne dust and slippery floors commonly found when using push brooms and traditional sweeping compounds. Designed specifically for the demands of a commercial setting, it is effective on a wide range of flooring, including asphalt tile, linoleum, vinyl, marble, ceramic, concrete, quarry tile, cork, and wood.

Beyond floors, treated cleaning cloths become powerful tools, effortlessly removing dust and soils from plastic, Formica® surfaces, and chalkboards, extending its utility throughout your operations.

In addition, Surface Dust Mop Treatment can be used to reduce dust and allergens by simply spraying new air filters before installation.

| Unit of Measurement / Amount per case | 17 oz / 12/cs |
| UPC Barcode | 810037737219 |

INGREDIENTS

Aqua (7732-18-5), C11-15 Alkane/Cycloalkane (64742-47-8), Butane (106-97-8), Propane (74-98-6), and Sorbitan Oleate (1338-43-8)

DIRECTIONS FOR USE

DUST MOPS: Spray dust mop until moist, never wet. Do not spray at the very ends. Shake mop vigorously to release dust. Renew by spraying lightly in center of mop. When mop head becomes excessively soiled, remove and wash in soapy solution, rinse and dry. Cloths: Spray dust cloth from about 6 inches by moving the spray rapidly across the cloth. Spray until moist, not wet. Retreat cloth lightly as needed. When cloths become dirty, they should be washed in soapy water, rinsed and dried. Let stand one hour before use. Do not overtreat mop. NOTE: Never spray directly on floor and protect floors from overspray. The product's ingredients make a floor slippery. If this occurs, scrub the floor with detergent and dry thoroughly.

EXPERTLY DESIGNED FOR PROFESSIONALS!

KleenLine™ Pro is an exclusive BradyPLUS product line for the Facility Care market. The wide range of products enables customers to meet budget and cleaning objectives and solve all cleaning challenges from the simplest to the most complex. KleenLine™ Pro provides quality tools and solutions that are built to withstand the demands of the professional and assist with doing the job more effectively and efficiently.
