MICROFIBER MOPS & DUSTERS

KleenLine™ Pro Microfiber Puts the Green in Clean!

Did you know that using microfiber products means you're reducing your cleaning waste *and* your cost?

How does that happen? Microfiber products are reusable, and can be laundered hundreds to times! That means they last much longer than conventional wiping products.

Reusable microfiber cloths and mops also contribute to source reduction in other ways. Because microfiber holds 6-7 times its weight in liquid you're using less water and chemicals per cleaning, and cutting down on the soaking and wringing that comes with traditional cloths.

The lint-free cloths and mops are designed to scoop and trap dirt, while moving easily across a surface. This superior dust and dirt containment contributes to better indoor air quality.

Not only is it good at picking up, but it's great at putting down! Microfiber is designed to spread product smoothly and evenly onto surfaces. It's the perfect non-abrasive and hypo-allergenic solution, which means it won't scratch your surfaces or your eyes.

Utility Versatility

Surface Friendly Microfiber mops can be used on any number of surfaces, including walls, ceilings, partitions and virtually any smooth, hard surface you need to clean!

Color-Coded Mops & Cloths Choose the right color for your cleaning procedure! Reduce the risk of cross contamination by using different colored pads and cloths in different departments and on different surface areas. Quickly and easily identify usage according to procedure, room, or area.

Cleaning for Health Microfiber is shown to reduce bacteria levels up to 99% (according to U.S. Environmental Protection Agency data). It also uses 95% less water than conventional cleaning, for faster drying times. And microfiber cleaning products can be used effectively with or without chemicals.

Less Water for Mopping “Traditionally, an average worker uses up to 21 gallons of floor-cleaning solution for traditional string mopping during one shift. With microfiber, the solution can be reduced to as low as two gallons. Because less water is used, there is less liquid on the floor, allowing it to dry faster, which helps reduce the potential for slip-and-fall accidents.” Analyzing Microfiber Benefits, Contracting Profits, January 2007 the potential for slip-and-fall accidents.”*

**Analyzing Microfiber Benefits, Contracting Profits, January 2007*

Worker Friendly Because microfiber works so effectively, our mopping systems are lighter and easier to use, creating a lower risk of injury and fatigue. A microfiber wet pad, holder and handle weighs less than it's conventional counterpart and, with no need for wringing, it nearly eliminates the need for constant bending.

Microfiber is made of millions of both positive-charged polyester fibers and negative-charged nylon fibers, that attract and trap dirt and bacteria.

MICROFIBER WET MOPS

#650182 / #650185

#650183 / #650186

#650184

#650193

Microfiber Scrubbing Wet Mops

- Plastic scrubbing strips add texture to loosen dirt and break surface tension
- Looped end mop
- Microfiber specially designed to hold and release finish for even coat
- Available in three colors for coding systems – blue, green and red in 18" and blue and green in 24"

| ITEM # | DESCRIPTION | SIZE | COLOR | | CASE |
|--------|---|------|-------|--|----------|
| 650182 | KleenLine™ Pro Microfiber Scrubbing Wet Mop Pad | 18" | Blue | | 10 dz/cs |
| 650183 | KleenLine™ Pro Microfiber Scrubbing Wet Mop Pad | 18" | Green | | 10 dz/cs |

| 650189 | KleenLine™ Pro Microfiber Looped Wet Mop Pad | 24" | Blue | ● | 10 dz/cs |

How To Use Microfiber WET MOPS

- Proceed with pre-moistened mop heads (white side up) to bucket filled with recommended 150- 200cc of water and chemical per mop. Press mop so Velcro® system fastens.

Proceda con los cabezales de trapeadores previamente humedecidos (lado blanco hacia arriba) al cubo lleno con 150-200 cc de agua y agente químico por trapeador, según lo recomendado. Presione el trapeador para que quede sujeto el sistema Velcro®.
- Begin by mopping edge of baseboard from front to back of room. At far edge of room, begin mopping in recommended figure "8" pattern. Mop restrooms last.

Empiece por trapear las orillas del zócalo de adelantehasta atrás en el cuarto. En el extremo del cuarto, empiece a trapear en la forma de ocho recomendada. Trapee los baños en último lugar.
- Place feet on each edge of wet mop and then pull up or rotate mop handle while mop frame begins to pull away from mop. Pull mop from frame and place in soiled laundry bag.

Ponga los pies en cada borde del trapeador mojado y luego mueva hacia arriba o gire el mango del trapeador mientras el armazón empieza a alejarse del trapeador. Saque el trapeador del armazón y póngalo en la bolsa para el lavado.

MICROFIBER MOP HEAD FRAMES

#652124 / #660055 / #660056 / #652123

MICROFIBER ALUMINUM HANDLE

#652122

Microfiber Mop Head Frames

- Sleek design allows liquid to run off, preventing the growth of bacteria
- Flat base prevents pooling when applying finish
- Constructed from lightweight aluminum
- Bases attach to the wet or dust pads by new plastic teeth and can swivel to provide a greater range of use

| ITEM # | DESCRIPTION | SIZE | COLOR | | CASE |
|--------|---|---------|---------------------|--|------|

| 650151 | Plastic Grip Wet Mop Handle – Fiberglass | 60" | Yellow/Black | ● 12/cs |

How To Use 8-SIDED FOLDS For Optimal Cleaning

NOTES: Color-coding can prevent cross-contamination, so assign each color of cloth to a specific area and task. Do not over-saturate cloths. Follow all established safety procedures. Don all appropriate Personal Protective Equipment (PPE).

1. Begin with an open, clean microfiber cloth.
2. Fold your microfiber cloth in half.
3. Fold microfiber cloth in quarters, resulting in a square-shaped pad with four layers of cloth.
4. Clean surfaces with the two exposed sides of the microfiber cloth. Track the side used for each surface while cleaning.
5. Open microfiber cloth once to change sides.
6. Refold to expose two fresh cleaning surfaces. Track the side used for each surface while cleaning.
7. Open the cloth fully once four surfaces have been used and expose four fresh surfaces.
8. Repeat steps 2 through 7 to use all eight sides.

MICROFIBER FRINGE DRY/DUST MOP

#652213

#652101

#652102

#652104

#652194 / #650190

Microfiber Pads Canvas Backed Fringe Dry/Dust Mop

- Have all the benefits of microfiber without having to replace standard frames and handles
- Cut-end microfiber with fringe to pick up larger particles of dust and trash
- Poly/canvas backed microfiber mops attract and hold dust that cotton mops leave behind
- Canvas backing is color-coded by size: yellow – 18”, green – 24”, red – 36”, blue – 48”, and gray – 60” & 72”
- The mop attracts dust electrostatically and requires no treatment
- Envelope style backing eliminates problems created by ties or snaps while still using traditional 5” dust mop frames
- Extra padding in the mop allows for complete surface contact

| ITEM # | DESCRIPTION | SIZE | COLOR | | CASE |
|--------|--|------|-------------|--|---------|
| 652213 | KleenLine™ Pro Canvas Back Fringe Dry/Dust Mop | 18" | Gray/Yellow | | 6 dz/cs |
| 652101 | KleenLine™ Pro Canvas Back Fringe Dry/Dust Mop | 24" | Gray/Green | | 4 dz/cs |
| 652102 | KleenLine™ Pro Canvas Back Fringe Dry/Dust Mop | 36" | Blue/Red | | 3 dz/cs |
| 652104 | KleenLine™ Pro Canvas Back Fringe Dry/Dust Mop | 48" | Gray/Blue | | 3 dz/cs |
| 650194 | KleenLine™ Pro Canvas Back Fringe Dry/Dust Mop | 60" | Gray/Gray | | 2 dz/cs |
| 650190 | KleenLine™ Pro Canvas Back Fringe Dry/Dust Mop | 72" | Gray/Gray | | 2 dz/cs |

VELCRO® BACKED FRINGE DRY/DUST MOP

#650191 / #652100 / #650192

Microfiber Pads Velcro® Backed Fringe Dry/Dust Mop

- Same great features as Canvas Backed Mops, but with Velcro® backing, for use with microfiber bases
- Cut-end microfiber with fringe picks up larger dust particles and trash; holds dust electro- statically
- Extra padding allows for complete surface contact; gathers more dust than cotton mops
- Coordinate with Microfiber bases
- Extra padding in the mop allows for complete surface contact

| ITEM # | DESCRIPTION | SIZE | COLOR | | CASE |
|--------|--|------|-----------|--|---------|
| 650191 | KleenLine™ Pro Fringed Dry Mop Pad – Velcro Back | 18" | Gray/Blue | | 8 dz/cs |
| 652100 | KleenLine™ Pro Fringed Dry Mop Pad – Velcro Back | 24" | Gray/Blue | | 6 dz/cs |
| 650192 | KleenLine™ Pro Fringed Dry Mop Pad – Velcro Back | 36" | Gray/Blue | | 4 dz/cs |

How To Use Microfiber DRY MOPS

- Place dust mop on floor, gray side down. Press mop frame against mop so the Velcro® system fastens.

Ponga el trapeador para el polvo sobre el piso, con el lado gris hacia abajo. Presione el armazón del trapeador contra el trapeador de tal modo que quede sujeto el sistema Velcro®.
- Dust floors, beginning at far edge of room and proceeding towards center in figure eight pattern.

Sacuda el polvo de los pisos, empezando en el extremo alejado del cuarto y procediendo hacia el centro en forma de ocho.
- Place feet on each edge of dust mop and then pull up or rotate mop handle. Once mop frame begins to pull away from mop, pick up and place dust mop in soiled laundry bag.

Ponga los pies en cada borde del trapeador para el polvo y luego mueva hacia arriba o gire el mango del trapeador. Una vez que el armazón empiece a alejarse del trapeador, recoja y ponga el trapeador en la bolsa para el lavado.

The KleenLine Pro™ Fast Glide™ Mopping System

Outperforms the competition at every level with the innovative features you have come to expect from KleenLine Pro!

Tired of carrying around a mop bucket or wringing out soggy mop pads? The KleenLine Pro™ Fast Glide™ Mopping System eliminates the need for all this. It works in any application from house cleaning and maintaining gymnasiums to cleaning hospitals. It is ideal for cleaning areas where conventional buckets and wringers are impractical.

Interchangeable components such as the easily assembled frames, mop heads and removable bottles allows the user to stock multiple options on the maid's cart. From damp mopping to dusting, neutral cleaner to disinfectant, and hook-and-loop attaching heads to pockets, every option for every job is at your finger tips!

| ITEM # | DESCRIPTION | SIZE | COLOR | | CASE |
