

STRETCH FILM CONSULTATION

BradyPLUS offers free consultation and analysis of your stretch film applications.

Schedule a visit with one of our Packaging Specialists to ensure that your company utilizes the correct stretch film for your application.

OUR ANALYSIS INCLUDES

1	Product Verification	Assesses the film type, gauge, stretch capacity, and additional attributes such as cling and UVI protection.
2	Examine Equipment	Validates that your equipment runs properly to prevent load failure.
3	Wrapped Load Analysis	Uses your current film to wrap a pallet load. Our expert observes the exact application and load profile.
4	Cut and Weigh	Strips the film from the fully wrapped pallet and weighs the total pounds used to secure the load.
5	Analyze Performance	Considers factors such as the application method, load stability, film clarity, puncture resistance, and storage.
6	Introduce Alternatives	Proposes tailored options that offer down gauging opportunities, performance enhancements, or both.
7	Clear Results	Documents all benefits and cost savings (direct and indirect) to replace your current film with a more applicable product.

SUPPLIES + SUPPORT

We are a leading specialized distributor and solution provider focused on JanSan, foodservice, and industrial packaging. We are driven to make customers more successful and operations more sustainable and more productive.

We offer Supplies PLUS Support: Premium brands, expert advice, and exceptional customer experiences. Our 6,000 associates have a passion for delivering innovative solutions for the business challenges of today and tomorrow.
