

 **KleenLine**® NO-TOUCH ROLL TOWEL SYSTEM

Experience the Best

Touch-free dispensers are an important part of maintaining a healthy restroom experience and essential in combatting the spread of germs.

As a facility manager, it's vital to maintain a clean and healthy building environment using premium products, uninterrupted stock levels, and labor saving solutions that include IoT (Internet of Things) smart technology.

How can you accomplish this? With the KleenLine® Electronic No-Touch Towel Dispenser System—A high-capacity, sleek, and durably designed roll towel dispenser with quiet operation.

The single most important feature is its ability to hold much longer towel rolls, which lowers maintenance and improves user experience. Minimize waste with adjustable towel length and delay options, as well as the auto stub roll transfer feature. The high-efficiency motor provides long-lasting battery life, while the low battery light indicator and the emergency push paddle ensure that you will never be out-of-service.

Restrooms make the single greatest impact on your customers, guests and staff, and this dispenser has all of the quality features that you have come to expect from KleenLine, in an attractively designed shell.

- High-capacity, sleek, durable design with quiet operation
- Easy loading with auto feed button and side view windows to quickly check roll status
- Custom dispensing options:
 - Paper can be exposed or hidden
 - Sensor ranges in 2", 4" or 6"
 - Delay mode 0, 1, or 3 seconds
 - 10", 12", or 14" towel length options
 - To be used with new high-capacity 1200'/1100' KleenLine No-Touch Towels (#855144, #855145, #855146)
- Stub roll feature eliminates paper waste
- Includes emergency push paddle so it's never out-of-service
- LED illuminated window indicates use of emergency push paddle
- LED illuminated battery life indicator
- ADA Compliant
- Recessed options available
- IoT Capable — Coming soon!

Don't Forget the 1-2-3's of Hand Hygiene!

These simple steps go a long way towards staying healthy! Pair KleenLine products with hand sanitizer to get the best results.

1. Wash hands with soap and clean water
2. Dry hands with clean paper hand towels
3. Apply hand sanitizer

Envoy Solutions is a specialized distributor and solution provider serving the US market through a family of the nation's best regional distributors. We specialize in jan-san, foodservice, packaging, and marketing execution. We're way more than a catalog or website—we're people who listen, roll up our sleeves, and do the heavy lifting. We offer a broad catalog of top brands and products, along with deep expertise and advice, to help our client-partners succeed. We are driven to make facilities cleaner and more sustainable, people safer, and operations more productive, every day.
