

# Deli Containers

## Thermoform | Bulk

### DESCRIPTION

Placon's industry-leading Thermoform Deli Containers offer a modern look and unsurpassed functionality for hot or cold food packaging. Made from Polypropylene (PP), these deli containers can be microwaved for hot food and leftover meals, reused, and recycled. Both lids provide a sure-fit seal and leak resistance to lock in freshness and extend product shelf life. With 6 sizes available, there's always a perfect fit for your deli or hot meal options with stacking ability to store or merchandise with ease.
