How to Clean & Disinfect
FLOORS

1 Select an appropriate WAXIE disinfectant that works on hard, non-porous surfaces.

2 Put on your safety glasses and gloves.

3 Dust mop or sweep area before disinfectant application.

4 Consult product label for dilution instructions.

5 Apply product solution to the floor with a damp mop or auto scrubber.

6 Allow surface to remain wet. See product label instructions for appropriate dwell time.

7 Allow disinfected surfaces to air dry.

Recommended Product:
HP Disinfectant Cleaner

Read all product instructions carefully for proper use and maximum effectiveness.
