

Culinary Lites®

Black + Clear | Hinged Lid

DESCRIPTION

SMART Culinary Lites® hinged lid containers withstand temperatures up to 230°F for use under heat lamps, in warming units and microwaves. Clear, anti-fog, vented lids allow excess steam to dissipate keeping the food visible to eliminate order errors and increases impulse sales from grab & go displays. Secure stack in bags and leak-resistant closure prevents messy spills while ensuring freshness. These SMART hinged containers are made with less polypropylene resin yet durable and cut-resistant.

ITEM #	DESCRIPTION	CASE
SM61HLCBCBP	CONTAINER H/L 6X6 1 COMPARTMENT BLACK/CLEAR	4/125
SM961HLCBCBP	CONTAINER H/L 9X6 1 COMPARTMENT BLACK/CLEAR	2/60

SM103HLCBCBP	CONTAINER H/L 10X10 3 COMPARTMENT BLACK/CLEAR	2/60

Clear, anti-fog, vented lid prevents order errors before leaving the restaurant and preserves that “just-made” food quality appearance.

High Heat Tolerance: Withstands temperatures to 230°F under heat lamps, in warming units and in the microwave. No need to transfer food to a plate to reheat.

Tight, leak-resistant lid remains closed during handling and transport. The positive stacking design allows packages to be stacked in the bag while venting excess moisture.
