N911 ASSISTED CHIN DIP

The SportsArt N911 Assisted Chin Dip helps users build the strength needed for chin-ups and dips while supporting progressive, controlled training. Versatile handles accommodate different grip positions, while the folding knee pad allows the station to transition easily from assisted to unassisted exercise.

KEY FEATURES

- **Adjustable and versatile multi-function handles for training in any style that works muscle groups from all angles**
- **Knee pad folds up and out of the way for unassisted training**
- **Dip bars and straight pull-up bars fold out of the way for greater accessibility**
- **Non-slip steps for easy access**
