i-mop® Pro XL

Walk-behind scrubbers

The maneuverability of a mop with the cleaning performance of a walk-behind floor scrubber. The i-mop family makes it possible to clean any floor surface with freedom of movement and great ease of use.

Available technologies

Lithium-Ion batteries

Inside the **i-mop Pro Lite**

1. **Straightforward 4-button operation easily** enables multiple cleaning processes.
2. **Detachable tanks** make it easy to replace or change cleaning solution on the fly or empty recovery water in a sink offering very little down time.
3. **Modular Design** with replaceble components extends product lifetime, reduces waste creation and saves money.
4. **Heavy-duty hinge for 360º steering,** making it highly maneuverable in small spaces around obstacles and under furniture.
5. **Angle shutoff** automatically stops operation when the handle is placed below 32 degrees, helping prevent potential damage to the vacuum motor.
6. **Rechargeable modular battery packs** for continuous run-time by swapping out and recharging with an extra set of batteries (single battery included, spare sold separately)
7. **Advanced brushless drive motors** help deliver consistent cleaning results across a variety of floor types.
8. Fast squeegee maintenance with **Easy-Click squeegee** and integrated lift kit.

Mobile and Accessible Cleaning
Easily transport the i-mop Pro Lite up stairs, escalators, elevators and to multiple locations.

Maneuverable and Ergonomic Design
Easily clean in tight spaces with 360° movement, improved grip, and a spring-assisted balancing system, which helps reduce operator fatigue. Park when needed with the stop-and-go parking stand.

Clean Efficiently
With Lithium-Ion battery technology, clean 15,069 ft^2 / 1,400 m^2 hourly with a run time of 60 minutes per charge.
