

Commercial Foodservice
Equipment + Services,
Foodservice Disposables
and Smallware

Our Turn Key Process to Commercial Foodservice Equipment

The lead agent assesses client project and determines what steps are required to specify client equipment.

All specified client equipment is priced via cooperative contract. All drawings, spec sheets and samples are provided as needed.

Dock to dock tracking. Inspected check in. No cost warehouse + project staging.

Delivery and install rates priced hourly per cooperative agreement. Product training through rep network.

BradyPLUS is a National School Nutrition Association Vendor and a NACUFS Vendor Partner

Cooperative purchasing utilizes a lead agent to competitively solicit a master agreement that contains language to be utilized by a state or nationally. Doing so results in several benefits to its members to include but not limited to:

Money Savings
Pre-negotiated member rates

Time Savings

Ability to obtain higher quality products

Turn Key Process handled by an equipment expert

Lower prices due to volume of members
Bulk discounting

Convenience
Warehousing popular items for quick delivery

90,000 agencies nationwide, both the public and nonprofit sectors are eligible.
