

CUSTOMER SPOTLIGHT

ESC NJ Aquatics & Fitness Center
Parlin, New Jersey

When the Educational Services Commission of New Jersey (ESC NJ) Aquatics & Fitness Center expanded its facility, the goal was clear: create a modern, inclusive wellness space that could serve an entire community, from early-morning educators to active older adults and evening families.

The result is a thoughtfully designed, two-level, approximately 19,000-square-foot fitness center equipped with a comprehensive mix of SportsArt cardio and strength solutions, delivering both performance and accessibility at scale.

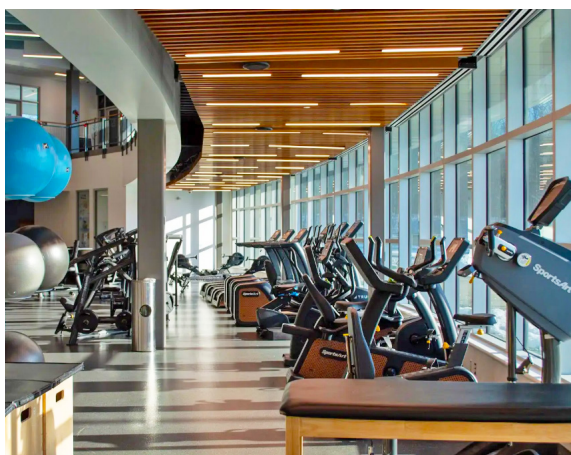

FACILITY TYPE:
COMMUNITY RECREATION

SPORTSART PRODUCTS:
69

“ We only had a few ellipticals and some free weights before. Now, we’re able to offer a full range of equipment and programming for our entire community. ”
Christine Kurceski, ESCNJ Health and Wellness Coordinator
