S715 STEPPER

The S715 Stepper delivers a smooth, low-maintenance workout with a self-generating design that requires no external power. Its silent Poly-V belt drive, independent pedal motion, 15-inch step height, and 40 resistance levels support a wide range of training intensities. Race-inspired handrails with dual contact heart rate sensors and a built-in Polar® receiver help users monitor performance, while an integrated fan, tablet holder, USB charging ports, and Cardio Advisor add comfort and convenience.
