PICO

A Manufacturer of Leading Brands
LeoLight, Honour & Vidacasa

2024/2025 Product Guide

The Ultimate Guide to Innovative Catering & Hospitality Solutions

Explore our comprehensive product guide to discover the perfect solutions tailored to meet your unique catering needs.

Hi, We're PICO!

Our Mission is to provide the hospitality industry with a full-service partner for all their food temperature control, ambiance, and amenity needs.

The PICO Difference

World-Class Service & Sales Support

We have a vested interest in your success and provide superior service that you can depend on.

Fastest Response Times In The Industry

Our seasoned team responds within the hour and has customer satisfaction scores in the 90s!

Uninterrupted Service

We've expertly navigated supply chain issues and price increases to ensure uninterrupted service for our partners and clients.

Commitment To Innovation

We are consistently researching and applying new technologies to provide you with high-quality solutions.

Our Brands

Under the umbrella of our three brands—LeoLight, VIDACASA, and Honour—we present an extensive and innovative range of food warming, flameless heating solutions, ambiance & amenity products.

LEOLIGHT

Bringing you the perfect amount of light or heat, LeoLight keeps the flame going.

The LeoLight brand is where it all started. With a complete line of food warming and ambiance products for the foodservice world, LeoLight is making its name in the world with innovative products like our VIEWS wick chafing fuel, a safer and smarter way for hotels and caterers to warm their food.

If it has a flame, LeoLight is the name.

VIDACASA

Keeping your food warm has never been simpler with Vidacasa's water activated steaming solution.

With a product line centered around 1 unique element – Vidacasa's line of products are changing how things are done in the food service world.

Honour

An innovative line of vegan and cruelty-free amenities products made with all natural ingredients.

Honour Amenities Papersnap® is the only one-hand opening and dispensing unit for shampoo, conditioner, body wash & body lotion. They replace in-room amenities, shower dispensers, refillable bottles and plastic shower bottles.

Safe and Efficient Heating Solutions

Ensuring Reliable Warmth for Catering and Events

VIEWES No more waste. No more guesswork.

LeoLight's VIEWES Clear-Can Wick chafing fuel makes it easy to see how much fuel is left in the can. Made of all recyclable materials, VIEWES offers control, confidence and ease of use. Maximize the use of your fuel and never waste a drop!

VIEWES Key Features The Advantage is Clear

100% diethylene glycol produces industry-leading BTU output. It is non-flammable and safe.

Hour markers indicate exactly how much burn time is left

Grip ridges add friction to ensure stability on surfaces

Thick fiberglass wick maximizes the heat output while allowing the user to relight again and again

Easy twist-off screw cap design for safe and secure shipping

Clear can allows you to see the oil inside of the can
