

Clorox Screen+ Sanitizing Wipes

Safeguard your facility's electronic equipment

Screens are everywhere and are touched by many people every day—in classrooms, offices, healthcare settings, restaurants and more. Clorox Screen+ Sanitizing Wipes are a quick and easy way to safely clean and eliminate bacteria from sensitive electronic equipment* such as touchscreens, laptops, monitors and keyboards.

CLEAN

- ▶ Clean screens, laptops, keyboards and more
- ▶ Remove greasy fingerprints, smudges and dust

SANITIZE

- ▶ EPA-registered to kill 99.9% of bacteria in 10 seconds†
- ▶ Eliminate *E. coli*, Staph, Salmonella and more

SURFACE SAFETY

- ▶ Bleach- and alcohol-free active ingredient
- ▶ Quick-dry, no-drip formula
- ▶ 35% less wet than the leading professional cleaning wipe‡
- ▶ Low-linting, non-abrasive cloth for scratch-free cleaning

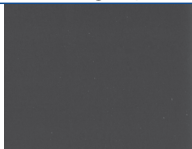

*Always follow manufacturer instructions.

†When used as directed on hard, nonporous surfaces

‡Clorox Disinfecting Wipes based on Precision B2B market share unit sales data, 12 months ending April 2024. Wetness based on amount of liquid per wipe vs. Clorox Disinfecting Wipes 75 ct.

Cleaning Performance		
Clorox Screen+ Sanitizing Wipes	PDI Easy Screen Cleaning Wipes	Windex Electronics Wipes
		

Images represent cleaning performance on greasy particulate soil on a glazed ceramic tile surface after 30 cleaning cycles.

Lint Left on Surface		
Clorox Screen+ Sanitizing Wipes	PDI Easy Screen Cleaning Wipes	Windex Electronics Wipes
		

Images represent lint left behind on black glass surface after 5 wiping cycles.

EPA-Registered to kill 99.9% of bacteria*
