# How to Clean & Disinfect
# HAND RAILINGS

**1** Select an appropriate WAXIE disinfectant that works on hard, non-porous surfaces.

**2** Put on your safety glasses and gloves.

**3** Consult product label for dilution instructions.

**4** Apply the disinfectant to the surface with a cloth, sponge, brush or coarse sprayer.

**5** Wipe or spray the entire hand railing until all surfaces are thoroughly wet.

For spray applications, hold 6-8 inches from the surface.

**6** Allow surface to remain wet. See product label instructions for appropriate dwell time.

**7** Wipe dry with a clean cloth or allow to air dry.

Recommended Product:
## HP Disinfectant Cleaner

Read all product instructions carefully for proper use and maximum effectiveness.
